## Common Techniques of Marking

It is compulsory to adhere to the following standard method in marking answer scripts and entering marks into the mark sheets:

1. Use a red color ball point pen for marking. (Only Chief/Additional Chief Examiner may use a mauve color pen.)
2. Note down Examiner's Code Number and initials on the front page of each answer script.
3. Write off any numerals written wrong with a clear single line and authenticate the alterations with Examiner's initials.
4. Write down marks of each subsection in a  $\triangle$  and write the final marks of each question as a rational number in a  $\square$  with the question number. Use the column assigned for Examiners to write down marks.

**Example:**

**Question No. 03**

(i)

.....  
 .....  
 .....

✓

$\triangle$   
 $\frac{4}{5}$

(ii)

.....  
 .....  
 .....

✓

$\triangle$   
 $\frac{3}{5}$

(iii)

.....  
 .....  
 .....

✓

$\triangle$   
 $\frac{3}{5}$

03 (i)  $\frac{4}{5}$  + (ii)  $\frac{3}{5}$  + (iii)  $\frac{3}{5}$  =  $\frac{10}{15}$

### MCQ answer scripts: (Template)

1. Mark the correct options on the template according to the Marking Scheme. Cut off the marked windows with a blade. Cut off the cages for Index Number and the number of correct options so as to be able to keep the template correctly on the answer script. Cut off a blank space to the right of each options column to mark the answers. Submit the prepared template to the Chief/Additional Chief Examiner for approval. **For G.C.E. (A/L and GIT examinations templates will be prepared by the Department. It is the responsibility of the marking examiner to use a certified template.)**
2. Then, check the answer scripts carefully. If there are more than one or no answers to a certain question write off the options with a line. Sometimes candidates may have erased an option marked previously and selected another option. In such occasions, if the erasure is not clear write off those options too.
3. Place the template on the answer script correctly. Mark the right answers with a 'v' and the wrong answers with a 'X' against the options column. Write down the number of correct answers under each column. Then, add those numbers and write the number of correct answers in the relevant cage. When marks are to be transformed write the transformed marks inside a circle.

**Example:**

No. of correct responses  $\frac{30}{50}$   $\longrightarrow$  Marks  $\frac{60}{100}$

**Structured essay type and essay type answer scripts:**

1. Cross off any pages left blank by candidates. Underline wrong or unsuitable answers. Show areas where marks can be offered with check marks.
2. Use the right margin of the overland paper to write down the marks.
3. When a candidate has faced only one paper of a certain subject (one / two papers of subjects which have three papers) and the **Detailed Mark Sheet** indicates that the candidate was absent for the other paper or papers, marks should be finalized as if he has obtained 00 marks for those absent papers.

Examples: (i) Total marks 100

Final Marks 100	Total Marks 100	Paper I	Paper II
44	44	AB	44

(ii) Total marks 200

Final Marks 100	Total Marks 200	Paper I	Paper II
31	62	62	AB

4. Write down the marks given for each question against the question number in the relevant cage on the front page in two digits. Selection of questions should be in accordance with the instructions given in the question paper. Mark all answers and transfer the marks to the front page, and write off answers with lower marks if extra questions have been answered against instructions.
5. Add the total carefully and write in the relevant cage on the front page. Turn pages of answer script and add all the marks given for all answers again. Check whether that total tallies with the total marks written on the front page. When marks are required to be given as a percentage act accordingly. (Final marks and the percentage may be the same in some papers while it may differ in some others)

**Occasions where marks cannot be finalized:**

1. When a packet of Paper I or II belonging to a certain Examination Center has not been received in your Panel.  
**Example:** Mathematics Subject has two papers as Paper I and Paper II. Your Panel has received only Paper II answer scripts packet from Examination Center No.10.
2. When one or two answer scripts of a certain candidate's Paper I, II or III is not found in the packet and Supervisor has not marked in the **Detailed Marks Sheet** that the candidate was absent for those papers.
3. When the **Index Number** mentioned in the answer script and **Detailed Mark Sheet** does not match.
4. When a certain problem which affects all candidates has occurred in an Examination Center.

**Example:** When a certain part of a question paper has not been given to the candidates.

**In such occasions,**

1. Write the relevant **Index Number** in the '**Remarks**' column of **Detailed Mark Sheet** and note down that '**Marks cannot be finalized.**' Include the same note in the bottom of the front page of answer script too. Also insert a note about it in the journal.
2. Prepare separate **Incomplete Mark Sheets (9iML)** for each Examination Center regarding such candidates. Insert these **Incomplete Mark Sheets** in **IML cover** and handover to the Evaluation Center Coordinator.

**Deciding the final marks:**

Once all answer scripts (Paper I, II and/ or III) relevant to a certain day packet are marked, write down the final marks of each candidate on the front page of Paper II.

**Examples:**

A		B		C	
Paper I	28/40	Paper I	22/40	Paper I	60.5/100
Paper II	61/80	Paper II	34/60	Paper II	81/100
Paper III	66/80	Paper III	-	Paper III	-
<b>Total</b>	155 ÷ 3	<b>Total</b>	56	<b>Total</b>	141.5 ÷ 2
<b>Percentage In figures</b>	51.66% 52	<b>Percentage In figures</b>	56% 56	<b>Percentage In figures</b>	70.75% 71
<b>In words</b>	Fifty two	<b>In words</b>	Fifty six	<b>In words</b>	Seventy one

When decimal numbers are received, round off the final marks to the nearest whole number as shown in the above examples. When doing so, 0.5 and above should be rounded to the next higher number and marks less than 0.5 should be ignored. Final Marks are the percentage of marks earned by a candidate for all papers of a certain subject. Write down the final marks on Paper II in words too.

## IMPORTANT POINTS

### **Please note**

- All sections of each test item are marked and marks added correctly.
- In writing tests, marks given to each criterion are added to get the total marks.

eg.    C – 3  
       L – 2  
       O – 1  
       M – 2  
Total       8

- Marks of both paper I and paper II are added together to get the final mark. Marks of paper II should be transferred to paper I correctly.
- All written answers have to be read carefully, spending a considerable time before deciding the mark.
- To be quick in order to finish early should not be the attitude.
- Standardization helps you to become a confident marker.
- Marking is an experience which enhances your knowledge about teaching, learning and testing.
- Please follow the guide lines given in the check list for the chief examiners.

## Assessing writing

### Please note

- Please pay attention to the length of the answer in awarding marks for the content.
- If 0 (zero) marks are awarded to the content do not award marks for language, format, organization and mechanics of writing.
- If 0 (zero) marks are awarded to language do not award full marks for content.

○ Test 7 Objective:- Assess the ability to read and understand directly stated information in a given text.

Technique:- Writing short answers and underlining.

Read the following text and answer the questions.

The pupils stopped talking as Miss Yapa entered the classroom. Then they stood up and greeted, "Good morning, teacher." Miss Yapa smiled and greeted them back and asked the children to sit down. There were thirty pupils in the class. All the pupils were watching her **intently**, waiting to know her name.

"I suppose you want to know my name." she said. But before she could tell them, someone called out, "You are Miss Yapa." Everybody laughed including Miss Yapa.

"News travels quickly." she said.

Miss Yapa opened the attendance register and called their names in turn. When she came to the last name on the list, Naveen, she noticed that he had been absent for over a month.

"What's the matter with Naveen?" asked the teacher. "Naveen has been ill and is still in hospital." said a girl in the front row.

"Did you all go to see him?" asked the teacher. No one replied.

It was the time to start the lesson.

"Please tell us a story." The pupils shouted.

"No, first of all I want you to write letters to your friend Naveen. We will send the best ones to cheer him up in hospital. I'll tell you a story, later."

Objective:- Assess the ability to read, understand and interpret directly and indirectly stated information in a given text.

○ Test 15 Technique:- answering questions

Read the following text and answer the questions given below it.

① Penguins are one of the world's most interesting birds. They waddle when they walk. They have flippers instead of wings. The bones in a penguin's flippers are heavier and more solid than those in the wings of a flying bird. This helps the penguin 'fly' through the water. The penguin's black back and white front has an important function too - camouflage in the water. Penguins blend in with the sea from above and with the sky from below. This makes it harder for predatory birds, leopard seals, sea lions, orcas and sharks to see them. Many people think all penguins live in the cold and ice of Antarctica. However, only 6 of the 17 species or types of penguins live in Antarctica. The others live in parts of New Zealand, Australia, South Africa and South America and on the Falkland and Galapagos Islands.

② Let's talk about the Emperor penguin of Antarctica. The Emperor penguin is the world's largest penguin. Its oily outer feathers help keep it dry. Its dense inner down feathers and thick fat layer help keep it warm. Emperor penguins also often huddle in groups to conserve heat. A mother Emperor penguin lays only one egg at a time. After the mother Emperor penguin lays the egg, she travels to open sea to feed on fish, squid and krill (shrimp-like ocean crustaceans). The father stays behind with the egg. He keeps it warm and protected by balancing it on his feet and covering it with feathered skin called a brood pouch. The mother returns two months later, to feed the newly hatched chick, then stays with it while the father goes out to sea to feed.

③ The loss of sea ice harms Emperor penguin chicks and adults. Emperor penguins rear their chicks on land-locked sea ice. When sea ice breaks up before their chicks have matured and grown their waterproof feathers, chicks that are swept into the ocean are likely to die. For adults, the loss of sea ice can lead to lower food availability, which can result in increased mortality.

For examiners' use only

(1) What is special about the way the penguins' walk?

waddle / They waddle / They waddle when they walk

(b) Sports as an important part of a student's life.

"All work and no play makes Jack a dull boy", is an old proverb which highlights the importance of doing sports. Sports is a great asset to a student's life.

There is an important place for sports in the school calendar. Almost all the schools organize sportsmeets, matches, tournaments etc. throughout the year to ensure the physical development of the students. They have provided facilities such as playgrounds, courts for netball, basketball etc. Sports helps the students to maintain good health.

Among many other things, sports has some additional benefits as students

For  
examiners'  
use only

play in groups and in healthy competitive spirit. It helps to promote good health, quality of leadership and team spirit.

Sports makes students adventurous, social, disciplined and more conscious of their responsibilities.

Unlike the students who do not engage in any kind of sport, those who do, learn how to accept victory and defeat with grace. It is very important to deal with victory and defeat equally as some unpleasant situations in a field may create bad impressions among the spectators.

Sports is a great way of building up one's personality. It is an essential source of encouragement to all students for the betterment of their future.
