

Benny the Busy Bee

Benny is a little bee. He lives in a big hive in a tree. Every morning, Benny wakes up early. He is very busy!

Benny flies from flower to flower. He loves yellow and pink flowers. He takes the sweet nectar and brings it back to the hive. The other bees say, "Thank you, Benny!"

At the hive, the bees make honey. The honey is thick and golden. Benny tastes a little. "Yum! It is so sweet," he says. In the evening, Benny rests. He sits on a leaf and looks at the flowers. "I love being a bee," he says happily.

Answer the questions.

1. Where does Benny live?

2. What does Benny do in the morning?

3. What color flowers does Benny like?

4. What do the bees make with the nectar?
